

Sustainable Photonics Conference

July 15-17, 2026
Hangzhou, China
www.spconf.org

Welcome to SPC 2026

Join us from July 15-17, 2026, in the vibrant city of Hangzhou for the Sustainable Photonics Conference. This premier event will bring together leading experts, researchers, and industry professionals to explore the latest advancements and innovations in photonics technology with a focus on sustainability.

The conference will feature keynote speeches, panel discussions, and workshops covering a wide range of topics, including green photonics, energy-efficient technologies, and sustainable manufacturing practices. Attendees will have the opportunity to network, share insights, and collaborate on solutions that address the challenges of climate change and environmental impact in the photonics sector.

Don't miss this chance to be part of a transformative dialogue that aims to shape the future of photonics for a sustainable world. We look forward to welcoming you to Hangzhou!

Conference Committee

General Chairs	Xia Yu Beihang University, China	Adrian Podoleanu University of Kent, UK
Program Chairs	Aaron Ho Pui Ho The Chinese University of Hong Kong, China	Joel Yang Singapore University of Technology and Design, Singapore
	Hao Wang Beihang University, China	
Publicity Chairs	Carlo Molardi Nazarbayev University, Kazakhstan	Di Zhu National University of Singapore, Singapore
Publication Chairs	Hong Dang Hangzhou International Innovation Institute, Beihang University, China	Slawomir Ertman Warsaw University of Technology, Poland
Sponsorship Chair	Zhenggang Lian Yangtze Optical Electronics Co., Ltd., China	

Submission Guidelines

Invited Speakers
For invited speakers, please click the link below to submit your information (No publication involved):
<https://iconf.young.ac.cn/Gu7wu>

Full Papers (Presentation and Publication)
For regular submissions, please use the submission link provided below.
<https://easychair.org/conferences?-conf=spc2026>

For more details about paper submission, please visit the following website:
<http://www.spconf.org/sub.html>

Important Dates

Submission Deadline: **May 15, 2026**

Notification of Acceptance: **June 05, 2026**

Camera-ready Deadline: **June 15, 2026**

Conference Schedule

Conference Dates: **July 15-17, 2026**

Day 1 July 15, 2026
10:00-18:00
Sign-in & Conference Materials Collection

Day 2 July 16, 2026
09:00-18:00
Opening Ceremony & Plenary Speeches, Technical Sessions

Day 3 July 17, 2026
09:00-18:00
Technical Sessions

Plenary & Invited Speakers

Plenary Speakers	Chennupati Jagadish The Australian National University, Australia	Juergen W Czarske Dresden University of Technology, Germany
Keynote Speakers	Jayanta Kumar Sahu University of Southampton, UK	

Call for Papers

Topics interested but not limited to:

T1 Nanophotonics and Nanofabrication

T2 Specialty Fiber and Applications

T3 Laser Technology

T4 Biophotonics

T5 Quantum Optics

T6 AI Photonics

T7 Silicon Photonics and Optoelectronic Devices

T8 Optical Sensing, Inspection and Measurement

T9 Optical Communication and Networks

T10 Workshop on Sustainability Technology

Conference Awards

- Best Paper Award
- Best Student Paper Award
- Best Poster Award
- Early Career Award
- Sustainable Photonics Student Achievement Award
- Sustainable Photonics Technology Innovation Award

For more details about Conference Awards, please click the link: <http://www.spconf.org/award.html>

Conference Venue

Venue: Conference Center, Hangzhou International Innovation Institute, Beihang University
Address: No. 166 Shuanghongqiao Street, Pingyao Town, Yuhang District, Hangzhou, China
